Participant Register

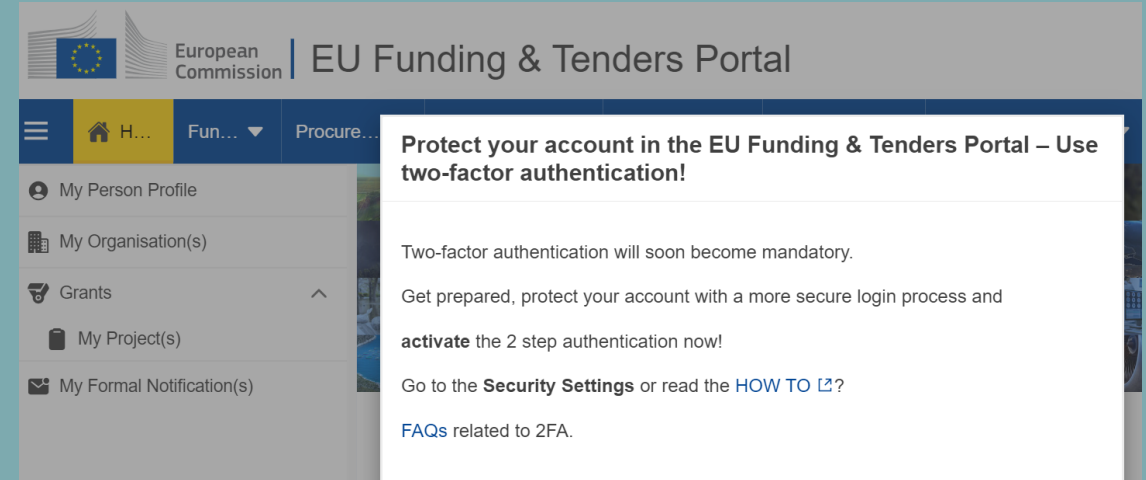

The participant register is now multilingual! Select your preferred language from the top of the page.

If you want to participate in a call for proposals or in a call for tenders with eSubmission, your organisation must be registered in the register and have a 9-digit Participant Identification Code (PIC). Please quote your PIC in all correspondence.

The register contains all participants of EU programmes.

Is your organisation already registered? PIC search

Please check whether your organisation has already been registered. If so, no need to register.

Personnel costs

Present your estimated "Personnel costs" split into 3 categories as per the table below. If you do not have any personnel costs falling under "A.4 SME owners and natural person beneficiaries" or "A.5 Volunteers", all personnel costs should be budgeted under "A1. Employees (or equivalent); A2. Natural persons under direct contract and A3. Seconded Persons".

For A.4 SME owners and natural person beneficiaries: please note that as per Annex 2a of the LIFE General Model Grant Agreement (MGA), a unit cost is applied to this cost category. The units are the days spent working on the action (rounded up to the nearest half-day) and the amount per unit (daily rate) is calculated according to the following formula:
 (EUR 5 080 / 18 days = EUR 282,22 per day) multiplied by (country-specific correction coefficient of the country where the beneficiary is established)
 Note that the country specific correction coefficient to use is the one applied for the Marie Skłodowska-Curie Actions (MSCA). Yearly rates are published in the Horizon Europe Work Programme – Marie Skłodowska-Curie Actions under the funding and tender portal Reference Documents (work programme and call documents section), available at <https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/how-to-participate/reference-documents;programCode=HORIZON>.

Subcontracting

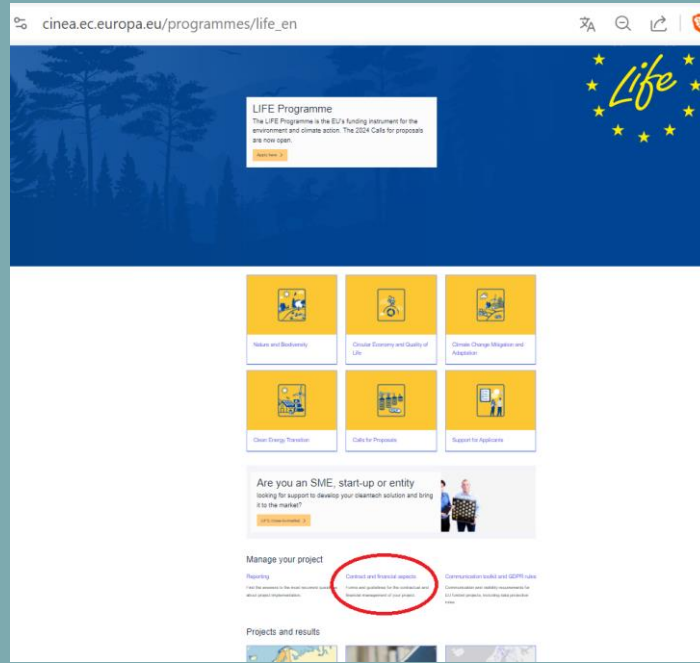

Give details on subcontracted action tasks (if any) and explain the reasons why (as opposed to direct implementation by the participants).
 Subcontracting — Subcontracting means the implementation of action tasks, i.e. specific tasks which are part of the action and are described in Annex 1 of the Grant Agreement.
 Note: Subcontracting concerns the outsourcing of a part of the action to a party outside the Consortium. It is not simply about purchasing goods or services. We normally expect the participants to have sufficient operational capacity to implement the project activities themselves. Sub-contracting should therefore be exceptional. Include only subcontracts that comply with the rules (i.e. best value for money and no conflict of interest; coordinator tasks can normally not be subcontracted).

Participant Number/Short Name	Subcontract Description	Cost (€)	WP	Justification (Why is subcontracting necessary?)
	Total estimated costs	0 €		
If subcontracting for the entire project goes beyond 30% of the total eligible costs, give specific reasons.				Insert text

Other direct costs

Please complete the table below for each participant. If required add further tables at the end of this work sheet (one per participant).
 Please ensure that the information provided is sufficient to assess the relevance of the costs in relation to the activities proposed. For major cost items add lines below, in order to provide a detailed breakdown within one cost category.
 For major items listed in the justification column, indicate the work package / task to which they belong.
 For equipment and infrastructure, please explain if the cost represents the full cost or the depreciation.

Europa / Funding & Tenders Portal notification

Dear coordinator,

The Council adopted the Implementing Decision (EU) 2022/2506 on measures for the protection of the Union budget against breaches of the principles of the rule of law in Hungary that took effect on 16 December 2022.

As from 16 December 2022, Article 2(2) of this Decision provides that legal commitments must not be entered into with any public interest trusts established on the basis of the Hungarian Act IX of 2021 or any entity maintained by such a public interest trust. The prohibition to sign legal commitments involving Union funding applies to the entire chain of financing that involves Union funding.

As from 16 December 2022, which is the date of effect of Council Implementing Decision 2022/2506, and as long as the measure is in place, no further legal commitments involving Union funding can be entered into by beneficiaries (or affiliated entities) with third parties that are entities concerned by this decision. Therefore, it must be verified that no European funds are made available, directly or indirectly, to third parties that are public interest trusts established on the basis of the Hungarian Act IX of 2021 or any entity maintained by such a public interest trust. This concerns legal commitments involving Union funding e.g. related to: the purchase of goods, works or services; subcontracting; financial support to third parties; equipment renting or leasing;
